Dear New Patient

Welcome to Ashley Surgery.

To enable us to begin to provide your healthcare it is vital that <u>all</u> of the registration documents in this pack are completed thoroughly.

#### Please complete:

- ✓ The purple GMS1 form, making sure you have signed the form once completed. (You can find a helpful user guide on the back of this page)
- ✓ New Patient Questionnaire
- ✓ Summary Care Record preference and signature
- ✓ Online Services Access Information and Request Form (Patients who are over 16 only)

To register you at the Surgery, we also need you to provide photographic identity, such as a passport or driving licence. We will also need to see a document which states your address e.g. bank statement which must be dated within the last 3 months.

Please return the above completed forms to the surgery, ideally in an afternoon. **All of the** registration documents need to be completed in full. If the documents are returned to the surgery incomplete, we cannot process your registration.

Please note that registration forms returned by the postal service will not be accepted.

Thank you for your cooperation.

#### **GMS1 AND PATIENT INFORMATION SHEET**

#### **HELP GUIDE**

Please complete the following fields:

- Title, Date of Birth, NHS number (if you already have one, obtainable from your previous GP or medical record card) and Gender.
- Surname, First Names, Previous Names if any, Town and Country of Birth, Home address with postcode and Telephone numbers.
- Previous address in the UK and last GP. This information is vital in order for us to trace your medical records and we cannot register you without this.
- If you are moving here from abroad please enter the date you first entered the UK and your first UK GP practice. If you are returning from abroad and have previously been registered under the NHS please enter the date you left the UK and the date you returned to the UK.
- If you are returning from the Armed Forces please enter your address before enlisting and enlistment date.
- Please sign the form and print your name /relationship if signing on behalf of the patient.
- If you wish to be a blood or organ donor please complete the Donor Registration section.
- The law around organ donation has changed; you now need to opt out if you do not want to become a donor. If you are undecided or do not want to become an organ donor please head to the NHS Organ Donation website at www.organdonation.nhs.uk or call 0300 123 23 23 to opt out.
- Any patients who are not ordinarily resident in the UK please read and complete the Supplementary Questions section.
- Please complete the patient information sheet with as much detail as possible to enable us to update your medical record. Please indicate your Summary Care Records preference and sign the form.

# **Communication with our patients**

We want to get better at communicating with our patients. If you have any information or communication needs we would like to find out how we can help to meet those needs.

For instance, we want to make sure you can read and understand any information we send you, if you find it hard to read our letters or if you need someone to support you at your appointments, please let us know.

Please tell us if you need information in any other format than standard print or if you have any special communication requirements.

#### CONFIDENTIALITY OF HEALTH RECORDS

#### (As per the Caldicott Committee Report on review of Patient Identifiable Information, published in December 1997)

We ask you for information so that you can receive proper treatment. We keep this information, together with details of your care, because it may be needed if we see you again.

Sometimes the law requires us to pass on information, for example, to notify a birth. The NHS Central Register for England & Wales contains basic personal details of all patients registered with a General Practitioner. The Register does not contain clinical information. You have a right of access to your health records.

EVERYONE WORKING FOR THE NHS HAS A LEGAL DUTY TO KEEP INFORMATION ABOUT YOU CONFIDENTIAL.

You may be receiving care from other people as well as the NHS, so that we can work together for your benefit we may need to share some information about you. We only ever use or pass information about you if people have genuine need for it in both your and everyone's interests.

Whenever we can, we shall remove details, which identify you as an individual. Anyone who receives information from us is also under legal duty to keep it confidential. We ensure that we have your written consent when passing medical information to non-medical persons, e.g. solicitor, insurance companies etc.

#### THE MAIN REASONS FOR WHICH YOUR INFORMATION MAY BE NEEDED ARE:

- Giving you health care and treatment.
- Looking after the health of the general public.
- Managing and planning the NHS, for example:
  - Making sure that our services can meet patient needs in the future
  - Auditing clinical records
  - Preparing statistics on NHS performance and activity
  - Investigating complaints or legal claims
- Helping staff to review the care they provide to make sure it's of the highest standard.
- Training and educating staff (but you can choose whether or not to be involved personally).
- Research approved by the local Research Ethics Committee. (If anything to do with the research would involve you personally, you will be contacted to see if you are willing to be involved first).

Please indicate below whether you are willing for your records to be reviewed by an Authorised person, as appropriate.

I am willing\*/not willing\* for my records to be reviewed by an Authorised person. I understand that no information will be divulged to anyone else.

## Your emergency care summary

Dear Patient

## **Summary Care Record – your emergency care summary**

The NHS in England is introducing the Summary Care Record, which will be used in emergency care.

The record will contain information about any medicines you are taking, allergies you suffer from and any bad reactions to medicines you have had to ensure those caring for you have enough information to treat you safely.

Your Summary Care Record will be available to authorised healthcare staff providing your care anywhere in England, but they will ask your permission before they look at it. This means that if you have an accident or become ill, the doctors treating you will have immediate access to important information about your health.

Your GP practice is supporting Summary Care Records and as a patient you have a choice:

- Yes I would like a Summary Care Record you do not need to do anything and a Summary Care Record will be created for you.
- No I do not want a Summary Care Record enclosed is an opt out form.
   Please complete the form and hand it to a member of the GP practice staff.

If you need more time to make your choice you should let your GP Practice know.

For more information you can contact the dedicated NHS Summary Care Record Information Line on 0300 123 3020 or visit the website at <a href="https://www.nhscarerecords.nhs.uk">www.nhscarerecords.nhs.uk</a>.

Alternatively contact our local Patient Advice and Liaison Service (PALS) on 0800 030 4563 or email them at <a href="mailto:pals@northstaffordshire.nhs.uk">pals@northstaffordshire.nhs.uk</a>.

Additional copies of the opt out form can be collected from the GP practice, printed from the website **www.nhscarerecords.nhs.uk** or requested from the dedicated NHS Summary Care Record Information Line on 0300 123 2030.

You can choose not to have a Summary Care Record and you can change your mind at any time by informing your GP practice.

If you do nothing we will assume that you are happy with these changes and create a Summary Care Record for you. Children under 16 will automatically have a Summary Care Record created for them unless their parent or guardian chooses to opt them out. If you are the parent or guardian of a child under 16 and feel that they are old enough to understand, then you should make this information available to them.

Yours sincerely
